

We wish to Thank You all for your patience and understanding during this process. We apologize for any undue confusion or frustration that was caused while we tried to get this right. Unfortunately, we have never dealt with a situation similar in nature to this and it is frequently changing. Please be assured we are trying to do what is best for all while complying with Federal, State, and County orders with as little impact to the members as possible

As we all watch the current situation unfold with coronavirus (COVID-19), and see the impact it is having on our daily lives, communities and businesses, SLA is doing everything possible to ensure the safety of our members, guests and employees while keeping as many of your amenities available to you as possible. Effective 2:00 p.m. yesterday March 18, 2020 the decision was made to restrict our various departments to people coming in. Some departments will be closed completely, some are modified services and some are available by phone only.

Outdoor amenities are closed to organized or planned events sponsored by the Silver Lakes Association. Individual use of the parks, lakes, sports complex, golf course, rv park and equestrian center will be permitted. Specific protocol will be posted at the individual amenity if necessary and we will post them on line as soon as they are completed. The Association will not be providing equipment or supplies for any of these amenities.
